

Helping entrepreneurs with water, energy or ag ideas!

The **path-to-market** for entrepreneurs can be long and full of numerous **technical** and **non-technical** barriers. The BTV Innovation Cluster team identifies entrepreneurs who are **developing solutions** to address the region's acute needs in the energy-water-food nexus and provide them with tools and direction to bring the technology to market.

## The Innovation Cluster can help with:

- ▶ Technology assessment and testing
- ▶ Commercialization and funding
- ▶ Networking events and workspace
- ▶ Plug and play space

“

## Services offered to entrepreneurs include:

- ▶ Technology evaluation
- ▶ Proof-of-concept validation
- ▶ Advisory support
- ▶ Training and education
- ▶ Incubator services
- ▶ Opportunities to connect with investors, industry leaders and potential customers.

*BlueTechValley provides key services, infrastructure with the goal of successfully deploying and commercializing technologies and innovations in water and energy.*

— **Dr. David Zoldoske**, Executive Director of Water Initiatives at Fresno State

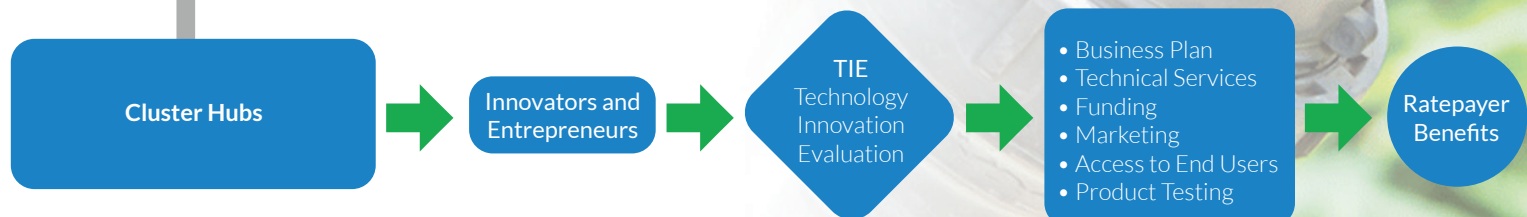

”

**CALIFORNIA  
ENERGY COMMISSION**

“With the help of BlueTechValley, Hyper-Chute Systems has been able to accomplish many of the tasks necessary to go from a newly established business entity to a fast moving clean-tech company.”  
- Joseph Santos, Inventor/Founder of Hyper-Chute Systems, LLC
